Directions to the Office
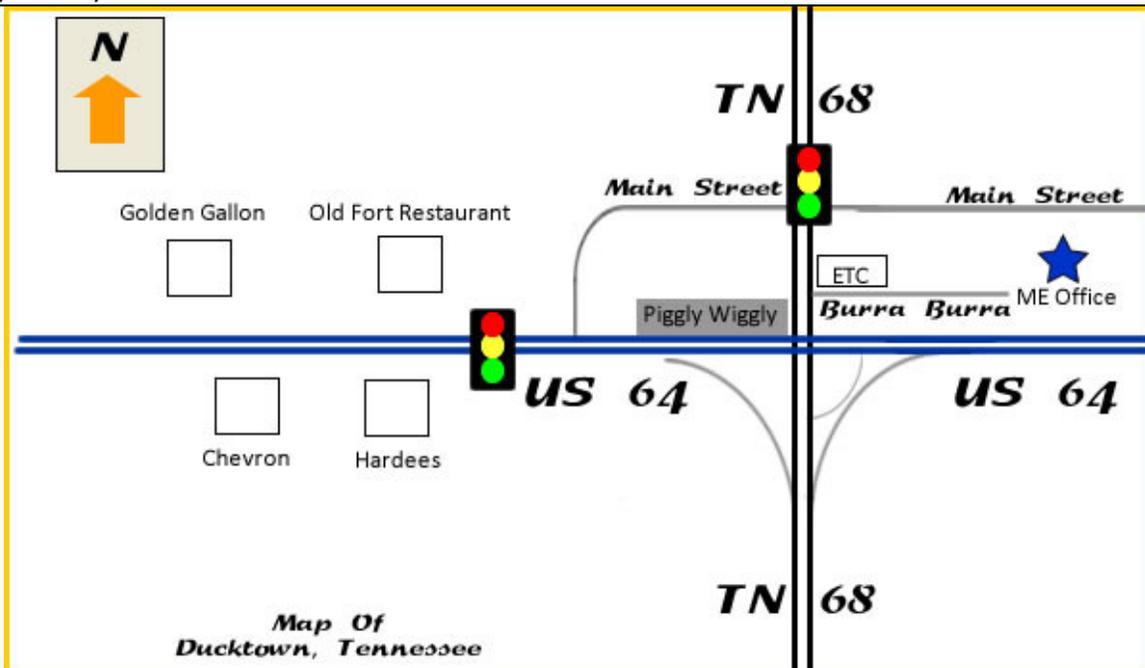

(1) Take Hwy 74 west out of Gastonia all the way to Murphy, N.C.

(2) Once in Murphy*, continue on 74 West (now also know as 64 West) to Ducktown, Tennessee (roughly 25 miles)

(3) As you cross over the state line and start approaching Ducktown, the speed limit will reduce from 65 mph to 55 mph and then to 40 mph. Once it reduces to 40 mph, you need to be in the left lane.

(4) Once in Ducktown, you will see an overpass (TN Hwy 68) just ahead. You will want to turn LEFT (crossing over opposing traffic) onto the entry ramp that will put you on that overpass - TN Hwy 68 North.

(5) After getting onto the overpass, cross over the bridge, and then turn RIGHT on the first marked road on your right (Burra-Burra Street). At the turn, you will see an office for ETC Telecom. *Note: If you come up to the red light at Main Street, you have gone too far.*

(6) Go all the way up Burra-Burra to the top of the hill. Upon "topping" the hill, you will immediately see a two-story white house with a Mountain Escapes sign at the curb. That is the ME office.

*Note: There is a Wal*Mart Supercenter in Murphy on your left. This is the last Wal*Mart you will see on your way to Ducktown.

Some Important Advice About Getting Here…

(1) You may elect to use internet mapping services and/or GPS in conjunction with these directions, but please take these directions as the ultimate authority in getting here from your departure point.

(2) If you have multiple parts of your group arriving at different times, please let us know…we will be happy to make arrangements!

(3) If you plan on getting in late, it's a good idea to come with what "you need" for the evening., because most stores are not open 24 hours in our area.

The highlighed asterisk *explains where the last Wal*Mart is you'll see upon coming in.

(4) Use your trip odometer! That takes some of the guesswork out of driving, especially from the office to the cabin.
